SUBJECT: USE OF FORCE & CHART			
ISSUE DATE: 2/10/2015	EFFECTIVE DATE: 2/19/2015	REVISION NO.:	STATE ACCREDITATION NO.: 20.1

PURPOSE

To establish the guidelines for the use of force by Sworn Members of the Eastchester Police Department.

POLICY

It shall be the policy of the Eastchester Police Department that Sworn Members shall utilize only the level of force required to accomplish the performance of their official duties in accordance with Article 35 of the New York State Penal Law, Department Policy and the current training standards of this Department. It is the responsibility of each Sworn Member to be aware of the requirements of Article 35 and to guide his/her actions based upon the Penal Law and these rules, regulations and procedures.

PROCEDURE**EQUIPMENT TO BE USED**

1. Sworn Members shall only carry such equipment that is issued or approved by the Department and, then only when trained in the use of such equipment, except in an emergency when the officer may use other resources at his/her disposal.

GUIDELINES FOR USE OF FORCE

2. Generally, Sworn Members may use such Physical Force which is the minimum amount of physical force necessary to overcome resistance in the performance of their duties given the totality of the circumstances known to them.
3. Sworn Members may use force in the performance of their duty in the following circumstances:
 - a. To prevent the commission of a breach of the peace or other unlawful act.
 - b. To effect the lawful arrest of person(s) resisting arrest or attempting to escape from custody;
 - c. In self-defense or in the defense of another person;
 - d. To prevent a person from injuring themselves
4. Whenever feasible and consistent with personal safety, Sworn Members should give subjects the opportunity to comply with instructions prior to employing a higher degree of Physical Force.

NOTE: Sworn Members using Physical Force should continually assess the circumstances and, as appropriate, reevaluate the use of Physical Force given the totality of the circumstances as known to them.

5. Unnecessary Force Defined

Unnecessary force occurs when unjustifiable physical abuse of a person has occurred or when it is apparent that the type or degree of force employed was neither necessary nor appropriate, or when any degree of force is utilized as summary punishment or vengeance.

ESCALATION OF FORCE

6. When the use of force is necessary and appropriate, Sworn Members shall to the extent possible, utilize an escalating scale of options and will not use a more forceful measure unless it is determined that a lower level of force is inadequate.
7. If possible, the Sworn Member should give the subject the opportunity to comply at each stage.
8. Once compliance is achieved, the escalation ceases.
9. A stage in the progression may be skipped due to the circumstances and progression is not always upward.
10. The Sworn Member must continually assess the circumstances and, as appropriate, escalate or de-escalate the use of force.
11. **Less-Lethal Weapons:**
 - a. The Conductive Energy Device, O.C. Ballistic Stream Defense Spray, Kinetic Energy Projectiles, Police Baton, Collapsible Baton, or Night Stick may be used in accordance with department procedures **ONLY TO THE DEGREE NEEDED TO GAIN CONTROL OF THE RESISTING SUBJECT.**
 - b. Whenever chemical agents are used (except for training purposes), they should be used in accordance with department procedures **ONLY TO THE DEGREE NEEDED TO GAIN CONTROL OF THE RESISTING SUBJECT.**
12. Typically, levels of force which are available to officers are as follows:
 - a. Verbal Direction
 - b. Light Physical Contact
 - c. Chemical Agent
 - d. Elevated Physical Contact
 - e. Impact Weapon
 - f. Less Lethal Kinetic Impact Weapons
 - g. Firearm

ESCALATION OF FORCE CONTINUUM

DEGREE	LEVEL OF FORCE		DESCRIPTION OF FORCE	
	LOWEST		VERBAL DIRECTION	
			This is the least intrusive level of force and may vary from a simple request to an emphatic command.	
			LIGHT PHYSICAL CONTACT	
			At times, an officer may need to make light contact with a subject in order to diffuse a situation or to guide the subject away from an area or into a vehicle.	
	CHEMICAL AGENT (O.C.)	CONDUCTIVE ENERGY DEVICE (C.E.D.)	Oleoresin Capsicum Spray	Conductive Energy Devices
			are normally used when lesser levels of force are ineffective or inappropriate.	
			are normally used when lesser levels of force are ineffective or inappropriate.	
		ELEVATED PHYSICAL CONTACT		
		Frequently, subjects are reluctant to be taken into custody and offer some degree of physical resistance. Normally, all that is required to overcome this resistance is physical strength and some skill in defensive tactics.		
		IMPACT WEAPON		
		The actions of an opponent compel a Member to use a more intensive level of force, namely the police baton/collapsible asp baton. This instrument, when properly used, provides a control mechanism and can protect the Member with defensive techniques.		
		LESS LETHAL KINETIC IMPACT WEAPONS		
		The use of this type of weapon may be considered whenever their use could reduce the risk of serious physical injury or death. The use of less lethal kinetic impact weapons is restricted to trained personnel.		
HIGHEST	FIREARM			
			The highest level of force available to a Member. Firing a weapon at another person is restricted to those situations in which deadly physical force is justified.

GUIDELINES FOR THE USE OF DEADLY PHYSICAL FORCE

13. Sworn Members should have a thorough knowledge of Article 35 of the New York State Penal Law and should periodically review this body of law. Sworn Members should bear in mind that Article 35 of the Penal Law only authorizes the use of physical force/deadly physical force; it does not command its use. Sworn Members should also be aware that ***DEPARTMENT POLICY IS MORE RESTRICTIVE THAN ARTICLE 35 IN THE USE OF PHYSICAL FORCE/DEADLY PHYSICAL FORCE.***
14. Deadly physical force shall **NOT** be used to affect the arrest of a fleeing felon unless the Sworn Member has probable cause to believe that:
 - a. Deadly physical force was used or threatened by the perpetrator, OR
 - b. The perpetrator caused serious physical injury, OR
 - c. The perpetrator is armed with a deadly weapon.

In addition, Department policy would prohibit the use of deadly physical force unless ALL of the following factors are present:

- d. The Sworn Member must have probable cause based upon knowledge of the crime involved and the surrounding circumstances, AND
 - e. The Sworn Member has probable cause to believe the fleeing felon poses an immediate threat of serious physical injury to the officer, or has probable cause to believe that failure to apprehend the fleeing felon poses a threat of serious injury to others, AND
 - f. Reasonable means to apprehend the perpetrator, other than use of firearm are NOT available.
15. Deadly physical force shall not be used to affect an arrest or prevent or terminate a felony unless the Sworn Member has probable cause to believe that the victim may be killed or seriously injured and there is no other reasonable means to affect the arrest or prevent or terminate the felony other than by deadly physical force.
 16. A Sworn Member may use deadly physical force upon another person when he/she reasonably believes that such other person is using or about to use deadly physical force against the officer or a third person.
 17. A Sworn Member shall not use deadly physical force to subdue a fleeing felon who presents no threat of imminent death or serious physical injury to themselves or another person present.
 18. Where feasible and consistent with personal safety, the Sworn Member should give some warning, such as "POLICE, DON'T MOVE" before using deadly physical force.
 19. A Sworn Member shall not use deadly physical force in defense of property.
